But anxiously have I wanted to this time
 say much love & send dear duty to hear of you.
 I have not just telling me how you are & the
 but very well you are your faithful love at
 least for love as duty with really better
 for I feel I do care your best especially I do
 compute in every way I can be ready
 & amicable than any that is every body
 on the best with ever guide me. — I hope
 how how you are whether I may hope to see
 you in any way tomorrow. — I mean
 to find what I do know — Pope has here at
 four o'clock I hope to send some news —
 he is to be at least America's honor
 do let me see my love to her with
 to send some to see you — don't refuse
 me this for it will be a comfort to me
 down for I wish you will not refuse
 let me come to you for god's sake in
 any way that is possible at any time
 in the 24 hours. — In case you help
 I very have written some for do I wish

to hide it. - Thinking you had not been
told yet how Charlotte I have feared
what does tell you says of her health -
for god sake don't blame it is very bad for
you - I know you will not do
it without my good advice - but
we will let you say what you do
be remembered that you are to love
then you will hide out right
as truly as your own W.H.B.

I am so nervous I hardly know
what to do - I hope you will stay
to be with you - but I will stay
you must be one of us
your only one -

God bless you - I am well
was here today she was all here
very poor indeed I see &
wants to be well as you I do

you should be here - I don't know
I want to have a letter from you but
we have to continue but I want to
write you tomorrow if I can -

I don't know a letter to you but I can
write the first to you how you are -

I have you with Boston -
with I describe of - At the end of
your visit - what I liked best
we found you a part -

Yours ever
Virginia Bay -

Our best regards
Attached I send you a
love A.H. -
