My dearest Brother -

I must thank you too soon
to wish you many happy returns
of the 12th. God bless you & make you
as happy as I wish you to be &
your divorce. I pray with truth
affection in our ever love you
I am deeply & feel more sincere
joy at the return of this day than
I do. My gratitude & affection for
your kindness, can end but
with my life. - I find your
letter but I have got something
for you which I expect in a
few days & I hope you will like
to give a place to our former
Chamber Room -

you will hear from Edward
and see his Gros Villiers but
that also it cannot happen
again — I am sure
my much heart about it.

Edward who will give you
this will tell you all about
it. —

God bless you and forget the
things that you promised me
after the 10th — I feel very
much the same —

Love from
Elizabeth
