

Leicester
 Aug^r 12. 1826.

Dear Sir,

I enclose two letters and one is the letter I
 have been requested by the Committee to write to be inserted
 which I wish may have the desired effect.

On consideration as the fence that is to be put up for the
 alteration in the Pleasure ground at Rugby cannot be fi-
 nally finished this season I recommend to Sir: J. the
 propriety of completing the colouring round the East and
 South Posts at the same time next spring when the East
 Posts will be laid up and the fence for the alteration
 in the Pleasure ground can only be finally finished. But
 of that he is the best judge.

I have this instant letters up ^{to} 20 July and am surprised I have
 not one from Boston with the result of his visit to you

of 22^d of that month. George was at Busby and we it is to be
remarkeably well. I am glad of it and hope to find you soon
my return which thank God is now fast approaching. Adieu
and ever believe me,

Yours sincerely
J. D. Ashurst
