As I am about to insure  
my Father's life I have referred  
to you as knowing his temperate  
and regular mode of living and will  
thank you when information is  
required of you to give the various  
Directions concerning a proper  
insurance -

Yours

Wm. Claver.

To enquire at New York what would  
be the expense of making a Man of the  
Upper Lodge, of all the Floors, as it now  
stands - If not much pray have it done
