

N<sup>o</sup>. 9Walmers,  
June 6: 1822.

Dear Sir,

I am to acknowledge yours of yesterday and it, in various enclosures: I return the former papers signed: I agree with Col. Smith that a diminution from the six Millings may for the present be prudent and the price settled for the horses of W. shou<sup>d</sup> be the standard: sometime ago I wanted Col. Smith to be promoter: he has therefore my decided approbation in selling off the Mithers and purchasing in Loues: before we return home Mithers for the family can be possessed: Will you send me a neck the stall fed Wagon: saddlemen one half here and the first neck the other half to

Lord Liverpool: the next week to Lord Glasgow  
 if in London: I do not differ with you as the ground  
 in front of the Upper Lodge is mine and I would  
 wish you to arrange with Russell to keep it both  
 to preserve the place clean and neat: I am glad the dis-  
 sent at George's are over for a time and hope Mr. Harper  
 will have reason to be satisfied: at the same time  
 keep a watchful eye over Russell: I am glad the  
 house is so near dismantled: I did not understand  
 you were pleased of Mr. B. but it was a remark  
 of my men: I do not must not forget the mending of the  
 pipes in the Dutch's's Breach: at present the  
 weather is favourable for hazarding: I have had  
 and have still some difficulty of clearing the but

even go to bed and therefore have not much reason  
to complain: adieu and ever believe me,

Yours sincerely  
Wm Pitt
