Dear Sir,
I enclose many papers
signed, and other memoranda
to which I call your attention.

Amongst others a letter from
the Secretary of the ~~Prison~~
Committee of prisoners confined
in the Marshalsea Court prison
enclosing a petition to the King,
this you will take care is

Duke of Buckingham & Chandos
to Thos. Murrill.

From a collection
sent down by Sir Dudley

presented in the usual way
but I must again request infor-
-mation may be given to me, as to
the extent of my practical interference
in the concerns of this prison.

I send you the draft of a
minute, also a private letter to
Sir Robert Taylor, which you
will transmit, keeping a copy
thereof. I wish tenders from
the purveyors of coal, to be called
for, for the supply of the palace

for the ensuing year; the
quality of the coal to be
specified, and the tenders to
be delivered in by a day which
you will fix.

I also enclose the
Treasury letter, together with
your draft of an answer which
I approve of as therein altered.

I wish you to lose no
time in speaking to Bishop
about Kensington Gardens;

Aiton's account on that head
appearing very unsatisfactory.

I am, Dear Sir,

Yours truly,
