

Bushy House.
Jan^y: 29: 1826.

My Dear Lord,

I have thus long delayed in
-answering your Lordship's note of 27th instant
because I was not certain of my motions. At
present being ordered to attend tomorrow a Chap-
-ter of the Order of the Garter at Windsor I am
-not accompanying my sister to London till 31st
instant on which day at half past twelve I
shall be most happy and ready to receive your
-Lordship in Charlottestown. Should there be any
alteration in my going to town I will mention it
again.

I feel quite proud of your friendship and wish
to consult you on private business, as I have a
real regard for your friendship.

The Duke helps me with some money and
wishes good success towards the Countess and your
self. They to be particularly remembered to
Mr. Smith and your family.

My Dear Lord,
Yours affectionately
W. Pitt
