 Jun^r: 5: 1820.

My Dear Lord,

I congratulate your Lordship & thank you very much
 more on this happy Island. It is very natural
 for your Lordship to wish to see your rela-
 -tives at Brighton and I have since this
 letter to Bognor as I expect the party
 will be at Bognor Lodge by tomorrow.
 I am now in town on account of Mr. Piquet
 but return to Bognor by the moment. This will
 leave town and must of course be for the
 season in London on the day that Parliament

meets. & that your Lordship will be well
finding the Duties and myself here when
you come to town the end of this month. The
wishes with me most sincerely and kindly in
every good wish towards the inhabitants of this
- the and till I see your Lordship again I
remain,

Yours unalterably

W. Marshall
