Sir,

I have received your letter of the 6th Inst: and the accompanying Volume and printed Document which I have had the honor of submitting to Mr King and now return and I beg to acquaint you that I am not authorized to add any thing to the communications already made to Sir John Lubbock and that you are at liberty to lay the correspondence before Lord Melbourne or the Home Secretary of State.

For myself I have to state that Miss Cary and Miss Woodward had often addressed me and that I had never considered it necessary to treat their communications with the slightest attention.

Isaac Nathan Esqr.

attention, nor ever offered money, as
asserted in the printed Volume for
Documents to which I never attached
the least importance having always
viewed them as libels and fabrications
of a gross description that their
Publication must fail to produce the
intended mischievous effect.

Mr Flinn has been here and
left with me a memorial addressed
to His Wife, Mrs Edwardina Flinn,
to the King, which has been submitted
to His Majesty and will be answered
as directed by His Majesty.

In conclusion I must request
that this letter may be considered
as closing the Correspondence respecting
Lady Anne Hamilton, Miss Woodard
