Sir

Our little Colonic & myself were made extremely happy this Morning by the arrival of the Mail to hear that your journey as far as Salisbury had gone on without any accident, & I trust in God that the rest of the journey continued to do so. at least if my wishes & Prayers have any effect you will never fail to be prosperous & happy.

All the Princesses Bathed this Morning the first was little Charlotte who of course I have not seen, but she has invited me for Tea this Evening & I understand by Elizabeth that Cards are sent out for the usual Company to meet me there by eight a Clock that I am to pass the whole Evening there. The Weather is as fine as one could wish, a little Windy but Dry, & such here at least that I fair hope you will meet the same at New as I know Your Majesty will enjoy it much.

Mrs Lamer hath been with Eliza to invite for to Morrow

to James where she proposes to give Us a Dejeuner D'appoint
at two a Clock, & as it was Her own Idea, & meant as an
attention I excepted of the offer, We shall be back in Time
to Dress for the Play, & I hope that the little Sewers will
in the end have a good Benefit.

Amelia desired Sophia not to go out this Morning
untill she had finished Her Breakfast, that she might
ride with Her, accordingly the four Ladies attended by
General Goldsworthy & Mr Damer are gone to enjoy this
fine Day by a long ride. This Shows how Dear Amelias
Nerves are increasing in Strength which made me Namid

I have now related all I knew to interest Your Majesty
& will only add that ~~It~~ all here but most myself long for
Friday to see You return in Health & Spirit & to assure You
by word of Mouth how truly I am.

Weymouth.

Your most affectionate Wife.
