Dear Brother,

Excuse my writing a short letter as Hanger
will tell you my sentiments fully having discussed with him
on that subject. He thinks it will be for the best some of the
impossibility of pursuing together as he desires in the
present. My finances are as low as possible so that at the least
sum will be of use. I wish you would give Hanger in my name
the single barrel gun that I had made at Hanover by Hand.

I am,
yours sincerely
L. St James's
