

Plymouth  
Dec: 21: 1787.

My dear Brother,

Admiral Boscawen has the  
pleasure to signify  
his wishes and those of my brother officers that you should  
give him eight and forty hours notice, as it is the wish  
of us all to give you a dinner on board the Flag  
Ship: except on that occasion, no ceremony will be ob-  
-served. That I bid myself I will endeavour  
to do every thing to your satisfaction. I have got  
you a town and country house.

I am

Yours sincerely

J. P. Boscawen
