Dear Brother,
 This instant I have received a letter
 to proceed to America without purchasing the operation
 of Pulley, as may more easily be seen than I can describe.
 I believe you are afraid of it, unnecessary, I think that a
 few words may serve to bring you to the way will give
 you the whole by the August and September I will set
 to St. Helena and after that to Jamaica, God bless
 you and our business,

Your most respectful
 Brother and Friend,
