Dear Brother,

I should so soon with you

I don't think it would have been highly improper for me to

have accepted your offer of five hundred Guineas:

because I have no business in the City: in conse-

quence I request Mr. Ingham to write to the

Parties concerned, and you will receive the answer

by which my opinion is formed that Mr. Ingham

did not appear in London till 1785.

Ever believe me,

Dear Brother,

Yours affectionately,

J. W. W.
