

Sir Walter Farquhar

[Enclosure]

44975

Sir Walter Farquhar has the honor to inform the Duke of Clarence, that he did not see Mr. Fitz Clarence on Saturday owing to some mistake; he having waited nearly an hour after that which had been appointed, and then left home under the Impression that something had occurred to prevent the meeting. Mr. Fitz Clarence came in the Interval and had left the House before Sir Walter's Return.

Sir Walter Farquhar however has consulted with Dr. Blane both before and subsequent

to the former Visit, and they are jointly
of opinion that no ill consequences are
to be apprehended from Mr. Fitz Clarence's
late Knave, in going abroad, and again
pursuing the line of glory he has
marked out for his future career.
