My dear friend

I received your very
kind letter for which I return you
many thanks - you may imagine
my present situation to be most
singular and distressing, I will be in
town by two or Monday and will
see you as soon after that as you please
for of convenience to you, I should wish
to return to my children as soon
as possible - in case your intended
communications should be the result of

your friendship for me - I will not look
your note that you may not entertain
the least fear of any accidents
happening to that or any other kind
communication you may see may
be fit to give me - God bless you
yours ever

Lisa Gordon
