Dear
Tuesday
Night
Very late.

Dear Sir,

Ten thousand thousand thanks
to the ever dear Prince Regent for sending
me this pleasant assurance of my hono-
rable and valuable services: He is thank-
God doing well so he writes to my brother
and myself: Love my children most dear-
ly and sincerely but I value and esteem the
country to which we all belong and will
put all my sons into the Army and Navy:

I shall tomorrow write to dear George and send
a vessel to Calais with my desire to further
- reach to forward my letter to him by a mes-
- senger: at the same time I must answer
the King of France and the Dutchess of
Angoulême: in the meantime, I enclose
copies of their letters &c. &c. I shall write
again tomorrow and ever remain,

Dear Sir,

Yours most sincerely

William
