Dear Sir,

Having late last night
received the enclosed letter from Mr: Hale
a most respectable Surgeon in the Reg-
al Army and who is most desirous of show-
ing his dutiful attachment to the King
I write these lines to forward his humble
request and at the same time I must en-
quire after His Majesty's health. I in-
deed trust it will be in my power to

send me general news of the King's
state. I still hope on next Friday to find
His Majesty either gone or setting out for
the Lodge at Windsor.

Adieu and ever believe me,

Dear Sir,
Yours sincerely
J. O.
