The Duke of Clarence

to
His Majesty

45185

Admiralty.
June 7: 1827.

Sir,

Being particularly requested by the
Earl of Corwall to forward to Your Majesty
the enclosed letter the contents of which his Grace
thinks to me,

I have to remark that however reluctantly
Lord Corwall conceives himself as a Whig he
is obliged in principle to oppose the Corn Bill
which is made a measure of Cabinet His Lord-
ship in every other point will invariably
support Your Majesty's Government.

I am,

Sir,
Your Majesty's most affectionate
and most devoted Brother and Subject
Edmund
