

24th April

George the Second - to
William, D. of Cumberland

St. James April the 24.

Dear William. You may easily imagine how
much I was rejoiced at the news of y^r Victory,
knowing the share I take in every thing
that concerns y^r honour and the advantage
of this Country. I am extremely pleased with
the countenance, and behaviour of the Troops,
I hope you will let them know it, and as I
always was their supporter, they may now
still more, they have shewed their Courage
as well as their Zeal and affection, depend
upon all occasions upon my protection.

George B.
