My dearest Mary,

I have received great pleasure from your kind letter of yesterday which certainly contains a better account of dear Amelia than had reached me for some time past. I shall be surprised to learn how the Trial of the Best carriage answers and still more so to receive Doctor Cope's first Report.

I was very much concerned to hear that Mrs Lady Seale has had to receive a Return of her Ship. But Sir Henry's attentions would be most kind I am well persuaded.

Believe me &c.

(Signed)  
George A.
