My Dear Papa

I was not a perfect son with
pleasure I feel when I received your
kind letter yesterday, & still more
when I read that you approved of my
conduct, which I hope you ever will.

I am more oblig'd to you & delighted
with the beautiful thing you was so
good to send me thro' some way, &
have it constantly before my eyes.

I was very happy yesterday to

from from Sir George Baker that
the Waters agree as well with you
I am my dearest Papa
Your most affectionate
and dutiful Daughter

Mary
