My dear Brother

In consequence of having received  
your kind letter I have wrote by this evening  
Post to Lady Elgin and communicated  
your commands in regard to her not  
stopping at Lord Byron's in which the  
Queen perfectly coincides with you & appears  
highly of the Child going the next night  
& sleeping at Windsor the 2<sup>d</sup> night of  
her journey - I am very sorry you have  
gone through so much pain with  
your tooth but hope by this time you  
are perfectly ease - We are all quite  
well & all the Illustrations family  
desire to be most kindly remembered  
in particular Sophia & Amelia -  
I was very sorry not to see you yesterday  
as we passed through Staines I saw you

Amazons & was in hopes that a dinner  
of a visit, but I rather myself I think to  
remain fortunate & rest much. I am a man  
I think you will ever bliss me over  
I had me from my mind & never I need  
& Affectionate Sister
