

Dec. 24<sup>th</sup> 1815

My dear Mother  
 I am commended  
 by the Queen to say she shall  
 certainly come herself & be with  
 you to receive by one o'clock  
 she will first go to the Queen's  
 Anne therefore by your  
 will send your carriage  
 for her between 12 & one  
 she will accept of your  
 dinner at three o'clock  
 & then can be off soon  
 after 4 — One of my elder  
 Sisters & myself will  
 attend her — The Queen  
 says if your presence will

but allow of your coming  
down to Windsor it is natural  
she should go up to see you  
therefore she would not  
be so of her young wife  
suddenly ~~to~~ to some  
giving scope for speculation  
& so it would appear  
much more odd if I  
went up to some alone  
God bless you ever  
at the thoughts of  
seeing you my ever  
Dear Brother & with  
every wish for your  
comfort & love ever  
Dear the 24<sup>th</sup> July 1785

I have many reasons to thank  
you for sending me a  
half sheet of paper but  
never found it and in  
my hurry, for fear of  
detaining your precious  
I don't write it over again
