I presume you have
 such a bad day for
 Windsor the cattle will
 look on dull & feel
 so cold - I think I see
 you & Mary head
 at work trying to
 make the room
 warm & looking for

[1855]

I saw the Seam
 some I saw my room
 I only wish you may
 escape it George
 descends the castle -
 as perfect staring
 mind with it -

I saw the Key looks
 yesterday she looked
 perfectly lovely

I all the reports about
 her eyes with the
 foundation - I had
 a vessel from George
 yesterday evening & the
 evening before, but
 might from when he
 was quite dead with
 sleep - I believe he
 is gone to stret at
 Richmond Park to day

but it appears to me
a miserable dog for
that amusement
This evening Mr & Mrs
Jasper are coming to
drink tea with me
off to the Jersey &
hope you visit the
grove of will & the 2
open & interesting kind
in all that was
