

1811

My dear Mr Adams I'll be glad to hear
 that the Queen & Augusta saw the King
 yesterday & found time very much
 better than they ever saw before
 the first time after any illness -
 The Queen says her looking well
 in the face but much thinner
 He was much overcome at
 first but not at all harrassed
 spoke with much joy and
 pleasure as well is gratitude
 at the Prince's conduct with
 perfect satisfaction at the
 conduct of the King and Queen
 The King says he does
 not mean to look back on the

any horror at this blow
 and named poor Amelia with
 much calmness & great affection
 I must say the King has been
 very dry & restless latter times
 the Queen's first surge
 was delivered to her which
 is about a fortnight ago
 It is hardly to be believed how
 much she has recovered
 in so short a time
 We are much to be for her recovery
 and I truly rejoice
 in the recovery as he
 has performed himself a most
attractive & true service

to be
 with
 & O
 you
 - her
 and
 any
 was
 and
 for
 her
 so
