

c. Tuesday 5 February 1811
(Regency Bill
FF. passed 31 January 1811)

Sunday 1811

My dear Mr Adams the time just to say
that the King was proferred
Sunday & lived with much
composure and calmness that
the Regency Bill was passed
Mr General remained a full
hour with the King and
Thank God I am with the first
day he has stood the burden
of this unfortunate event
far better than we could
have expected. He is going
up very slowly towards
recovery we require much
time & quiet still, but
my God sent us to a happy

morning is held out by me & all
 the way - I had a very kind
 letter from William yesterday
 by which I found to find
 his family is well -
 I hope your Adams crosses by
 & that the poor dear little
 boy is quite well again
 I can well understand
 what a fright you must
 have been in, if ever possible
 for the poor mother who
 she was with you -
 My kind love to your Adams &
 family - Sophia is much
 better but has been very
 ill - I wish for more of
