

Dec<sup>r</sup> the 14

1804

My dearest Gently Prof<sup>r</sup> Goussier has just given me  
 Mr Adams's letters with the request to Edmund & Ernest  
 having establishments (though it is still a Court  
 court) that at present it will not take place  
~~to take here~~ all that  
~~parishes~~ can be granted them at this  
 moment will be addition for their table  
 therefore they will have no additional  
 gentlemen and even if they had  
 an establishment (as my Elder Brothers  
 have no Esquero's now) they could not  
 have any - as to Edmund he has two  
beds de Camps & I know that is all he  
 is to have & has promised the first  
vacancy - Ernest being in the  
Hanoverian service I understand  
 is to have no table but his German  
 gentlemen - Indeed I am truly sorry

to say I could be of no use to George in  
 this instance, but flatter myself I  
 shall be more fortunate another  
 time as nothing could give me  
 more pleasure than being able  
 to ~~see~~ give Mrs Adams or any  
 of her family ~~the~~ the smallest  
 proof of the regard I have for them  
all — Pray give my kind love  
 to her when you answer her letter  
 and assure her with what pleasure  
 I look forwards to seeing her again  
 as well  
 as Maria & Louisa — I can not  
 describe the pleasure I had last  
 night in seeing dear General  
 Goldsmith again at Windsor  
 after all we have both gone through

since  
 me  
 I was  
 since  
 I was  
 your  
 have

since he played at Commerce took with  
 me we had a great deal to say.  
 I was fortunate enough to see by  
 dinner & we had a good laugh  
 I am delighted to find from him  
 you are better. Amelia shall  
 have a letter from me tomorrow

Yours Affly  
 D. W. G.
