A thousand thanks very much
I wish for your letter thank
God your letter was not missed
when you wrote Wednesday
which makes me better
that is in his favour. I shall
mention truly necessary
tell I have again
I hope you have known &
William with you it
must be a great comfort
to you all - very much
love to your mother &
tell her very much
I wish for her & that
I don't write Thursday

It would have been well to answer
you on the letters at least
a few lines — We are young
I hope well, but the King
has certainly made complaint
about some still & every
day shows the necessity
of great — Yours truly
John Lubbock
