

1811

My dear Sir
The last account of
your letter was so good that I had
all continuance to go on as well
Thank God I can say that the
King is much improved
since Monday last and
we all begin to get much
happier about him —
Mr May has not up since
Saturday which is a proof
all is going on well —
his great anxiety here
is about his general health
which is not so good as
we could wish as he has

but get sleep enough, but
we must hope as the
Summer advances he
will recover his strength
& usual good health
Say as you commence the
Summer, what are your
plans — The success is
wonderful better — Give
my aff. love to your mother
& believe me ever
Yours truly
G. M. M.
