My dear Friend —
Many thanks for your
kind letter which
was a great relief to
my mind and began
to be quite uneasy
at not hearing —
I trust our God as your
Father does not yet
know he will by
degrees get better
I hope your brother's
health may not
suffer from the

length of the attendance
myself can be seen
as well as to William
& Maria —

We go on much
the same importance
change only to
summed them and
say so —

Yours
Mary
