April the 17th 1812

My dear Mrs. Weston, It is ages and ages
since I wrote to you & I have been
so worried for the last few or five
weeks past that I put off writing
four days to day because I had
not either wrote all my different
matters in a letter all my arrangements
have given us much trouble
but in this subject of our last
Thank God it is over. We determined
to ask those that have been so long
about us if they chose to remain in
with us & could make up with
the duty we expected of them
which is to visit every three months
or better every two months in
summer. My Sister was
sick of health & partly used
of me but not here in
several days for the last three
years past she should have
required long ago perhaps I shall

engaged to the situation of the
 George Henry & Lady Catherine (combined)
 required because the duty is here
 there they can do with the expense
 of Doughty's duty & they are having
 the calls which are now made
 As to Lady Cowley & Lady Bracknell
 the same thing is said there, where
 we find a number in the
 country the thought is ought
 to have some tokens of course
 it was not in our power to
 keep these from our Lady
 work & as these two Ladies do
 not belong to the regular establishment
 the Commission for the King's
 private property when we
 seeking all the arrangements
 thought proper to discuss
 the superannuation therefore

in fact

in fact we had nothing to do with
 that. I have ever since & remember
 I felt it very (nearly) burning in
 when you ~~had~~ read them
 indeed I have felt the whole
 deeply as I have a mind
 sincere regard for all the people
 who have ever been kind &
 good to me. As many reports
 have been put about & people
 have said all the articles have
 been also repeated I tell you the
 thing is that you have
 do no part of me or them.
 The fact is we have a right
 to lay down our own work
 in our establishment of things
 had felt they could do the
 duty we required we should
 have been glad to help them
 all, but that's not being the
 case, it was much

~~proposed~~ to finally say to all our
kings to do their duty all need
to look as uncles great difficulties
which must have been the case
I suppose to you that we have
wishes to concede those who
must be great losses by learning
and I am sure Augustus after
that George IV was his brother
a year & a half & we do the
same to only a few hundred
who has been with us 17
years therefore we full have
a great chance upon us —
as to the others they must
nothing — I see Lady (Brookfield)
with off but she has only
been with the King & the Queen
years & a half & you must
understand it is not we
are justice to the queen's
service.

The Dowry Lady's condition is such
as may be expected. I am sure but
certainly the above symptoms
and as she is 61 years of age
& not in good health, but that
is her turnings of nature. Sophia
Lady is Lady Henry Perceval
& descending in the line
of Henry Perceval of 24 - after
in all her sickness -
Augustine I believe is to be
her partner Lady's daughter,
Daughter & the Perceval
has been married enough
to give her rank for the
moment at her father's
age she can not last
long when she falls
into her own rank -
Sophia & we were together

one side had been written to her

July 18th & July 20th
but the Duke's July 18th
was not believed until in the
middle of January was after we
gave her 4 days to consider
with one of the court and
could not stay & begged her
one & was opposed to give
no decided answer till
she had talked it over with
her family & she wrote
a very kind, warm letter
stating all her reasons for
going up - and some that
had gone about contrary to
my July 18th was pushed
out of the family when
Augusta was then departed
