My dear Mrs Adams -  
I have intended writing  
to you every day this week & something  
or other. but always find a stop  
to my doing so, but I will not let  
an other day pass without informing  
you that Frederick the last time I  
was in town told me unasked  
how much you & son William was  
respected & looked up to in all the  
offices & how well he did in his  
present situation. Today the King  
was so kind as to take me on  
one side & said "I have something to  
tell you having that will give  
you great pleasure, which is that  
nothing can do better than William  
Adams. Pitt has a very high opinion  
of him & of the merit & conduct  
of him. To me yesterday" Mr K added

Adams writes a very good hand  
 & one I can read perfectly well  
 I wish Pitt's was as good. I told  
 the King I certainly would write  
 you <sup>all</sup> ~~and~~ be so kindly used  
 of your favor & believe me I  
 give you great pleasure in  
 being able to give you a few  
 Adams so much <sup>satisfaction</sup> pleasure  
 about William - I am as glad  
 Mrs William Adams is safe &  
 doing well as I to be God willing  
 as well I shall be delighted if  
 they wish it, but had they  
 rather wait till a post  
 I shall be perfectly satisfied  
 only I by I mean to call upon  
 some time or other I hope  
 you will come to Town some
