My dear Mrs Adams

Most sincerely do I rejoice that  
my solicitations have not been in vain and  
that dear George has obtained the summit  
of his wishes. It gives me great pleasure the  
feeling I have contributed to the happiness  
of the family & I hope are long to receive a  
letter from you saying George is come  
home & is married. I have many thanks  
to return you for being allowed as  
to come & make me a visit at Weymouth  
it is impossible to say how much  
real pleasure it gave me every  
you & Lucia. I am delighted you  
found Lucia so well but shall  
ever lament her being a nurse

During the time you came to  
 Weymouth as it prevented her  
 being of the party - our excursion  
 to Milton Abby went off very well &  
 I am happy we being able to add the  
 King is not at all the worse for the  
 long ride he took last week indeed  
 I may say he is the better for all  
 the fatigue - You will laugh  
 when I tell you though Mr Pitt  
 was with us from the Sunday till  
 the Monday I never spoke to him  
 he was so taken up in conversation  
 with the King that it was impossible

to be  
 to be
