Saturday

My dear Mr Adams -  
 I thank you  
 for your last kind letter & for  
 some very delightful news  
 received yesterday which I suppose  
 was letter from the last  
 You can have no idea how  
 much the news & all of us  
 like it & how much we  
 feel obliged to you for sending  
 it so often - I am sure  
 it will be returned - As to the  
 dear Henry he has passed a  
 most amiable week yesterday  
 was a quiet day - but really  
 no great change takes  
 place even all the defence  
 as he is more enjoyed some  
days than others and  
accordingly is more  
enjoyed at others - John  
 Will's funds are now  
left to work upon the paper  
is not necessary to write

any unnecessary trials which  
 only add to the irritation  
 & cause do too good. He does  
 not in general get better  
 than 4 times sleep in the  
 24 hours, but that is very  
 uncertain, instead of it is  
 decided at last to wrong  
 the poor the as little as  
 possible. He thinks God  
 is quite happy with his  
 family, being in a  
 world of his sorrow & even  
 knows his family -  
 As to his general health it  
 is not good & yet not what  
 can be called by a physician  
 bad - The Prince is much  
 better & I hope will be in  
 June the end of this  
 week he is much employed  
 in trying to make such

and  
 all  
 after  
 by the

arrangements to accompany us  
all that we were by committee  
after Feb 21 - You will be glad  
to hear that my daughter  
Margaret Miss Justice is  
going to be married to her  
I believe it is a great delight  
& we that wishes all  
the family very happy -  
I am sure you will be  
sorry to hear our old and  
faithful servant Bachel  
died this morning at  
5 o'clock a long hard  
sneeze fell by all of us  
I believe I wrote you once  
that about a fortnight  
ago he fell down stairs  
& broke his arm & he  
was in bed perfectly well  
for 10 days or more in  
order to give my father  
of a beautiful recovery

of great power in her stomach  
and of a more course  
& he could keep nothing  
but stomach, which makes  
suffering & Procellie feel. have  
been so usual, all attending  
suffering be necessary & course  
in word but which he  
has been not sensible  
of at the time of the fall -  
Pray you say affe love to dear  
Lucia & excuse your love  
and accounts of her health  
Pray believe me  
Yours  
Mary
