

May the 2^d - 1806

My dear Mr Adams I am quite ashamed
 at not having thanked you long
 before this for your truly kind
 letter which was returned in it
 was your duty into my hand as
 I know of no your name
 perhaps a friendly grace had
 not not put & I have ever since
 my little experience as much
 from you & all blessing to
 you that my heart returns
 it bless me with the same
 amount I am very sorry you
 have been so unwell & really
 need at being again
 disappointed in not seeing
 you before the summer
 I hope in my mind at
 Weymouth & that nothing

of the children - I was very
wary to find Lucia had
the trouble of calling at the
Queen's house the last time
the family were in town
for nothing, Amelia
being ill I remained
in the country with her
I trust we shall all be
in town the 13. when
I hope to have the pleasure
a prospect of receiving from
the dear King is quite
well in health the two
eyes are just the same
Amelia has been
conferred for two months
but is better as stated
will remain as
Gently however has been

God Bless your love to the
& believe me ever

Your affectionate
Mama

Don't you send any letters
from George -
