Feb 17th 14 -

My dear Mr Adams -
 I am happy to inform
 you the Queen has in some
 way suffered in health from
 the loss she has sustained
 & was in some little degree
 surprised for it as the last
 account received gave a bad
 account of Prince Louis &
 he did not suffer at all
 at last - I rejoice to hear
 is arrived in some degree
 over she must be a great
 comfort to William & all
 of them - I think yet
 he is in colour & is improved
 which I was much

better case as soon as the
 part there was over —
 I am sure you will be glad
 to hear that I have had
 delightful comfortable letters
 from Jolly quite happy
and seeing all the
arrangements succeeding
according to his hopes & expectations
in so short a time
 Mr. Lichfield has had long
 letters from the King of
 Prussia who says that
 are independent & secure of
 our health & I am persuaded
 I am but very few friends

her much attend upon
my large so much in
that the very lady is a
small amount to her
but she is perfectly happy
& she is really making
out of attention & kindness
for her - she certainly
did express a great wish
& desire to come & see
us a great deal with her
wish to leave her husband
after so many years absence
I must say I think it
natural she should
be anxious to see us
as we do to see her
but from all we hear
of her health I doubt

undoubtedly with a long
& fatiguing journey - but
nothing ever done as long
than all the time however
& all the lies told in the
papers there last Tuesday
& I should be quite obliged
to you if you would
send the bundles to
Mr. Tolson Washington
I assure you we are
really glad about it -
It was a great comfort
to see Secretary Postmaster
as he could tell us
as many things con-
-cerning our family
