

July 25. 1814.

My dear Mr Adams I feel quite
ashamed at my long silence
but you may judge by all you
see in the papers what a
doubtful state of conduct we
have lived in for some time
I hoped you would have seen you
to talk quietly in my own
name you would have still have
I think & I am sure fully
justify my Brother for the
steps he has taken con-
-cerning his Daughter -
I wish she felt as much as
we do upon this sad occasion
& as to the Dr Papers I cannot

that really is so striking & is
 unparallel to any ball which I feel
 the date of getting there was
 my first & I enjoyed it as
 well as I could with a beating
 heart - but it must off well
 apply is much the same
 but some but appears to be
 decided ground & all the
 business of the land for the
 of course alone but for good -
 Charlotte is here at home
 the most beautiful place
 for the & miles & there is all
 day long she certainly is
 not well & is to go to the
 sea side - God bless you
