

Nov. 2. 1814

My dear Mr Adams -  
 I am sure you will be  
 glad to hear that we  
 passed a most happy  
 day at Brighton by  
 Brothers all making  
 & attention to us &  
 doing all he could  
 to amuse us which  
 completely succeeded  
 The Place is delightful  
 The Game is most  
 comfortable & indeed  
 I enjoyed myself of all  
 things - on our return  
 we found Sophia quite  
 as well as when  
 we left her, but soon  
 I don't think she  
 grows any more

fort as most people  
 think but she certainly  
 is wonderfully better  
 within the last two  
 months - she has been  
 is perfectly quiet and  
 composed & in good  
 health - I hope by this  
 time you have  
 been relieved &  
 that it will off better  
 than you expected  
 & that he is pleased  
 with the little  
 girl's improvement  
 I have my comfortable  
 accounts from  
 Hanson & equally  
 as of Mr Boylston

also in our better health  
 today I suppose some  
 yesterday & Lewis  
 and have to give  
 winter is begun &  
 now fall season  
 has opened the day  
 of rain - little of it  
 & to day - I wish  
 gradually is well  
 in health but  
 grows very old -  
 my kind love to  
 James & Maria  
 and your  
 affectionate  
 father
