Gloucester

I feel quite ashamed of being
 silent about your address
 but the fact is my feet are
 in so stony that I have
 not felt in spirits enough
 to give you any account
 of it - But the following bottles
 & state of your mind it will
 get well but it is
 so at night and so constantly
 together that I am forced to it

The confinement begins to
 make me feel languid
 but otherwise very well

 I have been and these
 times in the Queen
 carriage by being carried
 up & down stairs, but
 these last two days
 I have not been allowed
 to go out of my room
 as the discharge has

from part of the sum
of invitation that ~~the~~^{it}
remains has stayed me
to take a good deal of
business which
requires me to be
out - I am to go to the
Sea in Sep^r & Weymouth
is the place decided
upon, and I am not
without hoping as you
have come upon former
occasions to me and

during my stay at that
Place that you will be
tempted to do or say
we are to remain at least
three months & longer
if you will go with
us — The Ladies will
sing & play music
at the house to dinner
