Braunschweig Park Oct 27 -  
 My dear Mrs Adams - My last letter  
 from Hannover was dated the 18 - the  
 thing you was brought me by a  
 squire in the house which happened  
 getting in on off his horse - he was  
 taken for Wilson but still in fact  
 & the great effort was to get him  
 in a state to return home  
 as soon as possible - All the  
 public papers through your address  
 looked upon as over however he  
 could not be confined at a  
 more unfortunate moment as  
 a heavy load came to  
 Hannover to buy their reports  
 for the last three days when  
 Dolly with the K could see

to me - How much the 12 may

 being full had gone off well  
 at home & the the measures  
 undertaken very holy It is quite  
 impossible not to be anxious  
 about the the after the immense  
 fatigue & exertions he has  
 undergone  
 rather than the last time  
 remember & young in day after  
 day is enough to try a  
 young man. There be  
 in a school not full copy  
 until he is safe landed  
 in England - nothing must  
 give me more pleasure than

many have long desired the return  
 of our country but you are the  
 only one who has not for that desire  
 and hope which always holds  
 not confined to all eyes and  
 all situations in life & I  
 trust that you will be relieved

& that I shall  
 have the comfort  
 of seeing you  
 soon there

I may have  
 nature to hope - I fear something  
 is very ill & I hope you will  
 send me some - in sympathy and

a few lines of comfort in  
 the world - I is my wish -

God bless you long desired the  
 return & bless me  
 Yr affectionate  
 Wm
