Gloucester House 10th

My dear Mrs Adams Many thanks
 for your kind letter of congrats after
 the late afflicted Clarence. They are
 all as well as can be expected
 & humbly submitted under our
 most kind best wishes —
 She is the picture of resignation
 & submission to the Will of God and
 not only doing all she can to
 support our William but to
 support all around her & I must
 say in return I have some
 attention on as best a Husband
 as William is & fully sensible
 of the travels she has in —
 for I think her so near perfect
 as any body can be in this
 World — She has held her
