June 15th 4th
 My dear Mrs Adams It is ages and
 ages since I have wrote to you & I
 know not how long to tell you
 I have been off & on my way in and out
 the last six weeks - but I am
 my poor head will not come
 out kindly & the spirit least
 has brought me one of my old
 papers in my chest which has
 quite surprised me since I had
 lost to the House as you know
 the spirit meeting for some
 weeks this sort of long and still
 I am in the habit of writing for
 nothing but amusing on my
 side - I never remember such
 a matter looking to long
 as it has done & indeed is
 quite surprising & I begin to long
 for my Mother & the Country
 which I have had chances of
 the way to come - August is
 all passed & as matter was the
 fact of the day - I shall come

nearly every day - This week has been
 one of health as the 14 had a severe
 Rheumaticy Darning of some Stomach
 Ball Darning (partly long) The
 12 of Denmark I like much in
 particular the 17 also is a kind
 small amiable creature & one
 my she is a soft & kind being
 of her (mother) I am I don't
 see that strength I allow she
 is like all our family -
 Her Polongee has been very ill
 which makes truly (mother)
 miserable & almost (mother) her
 own bad health & some time
 she is out of much use to
 me just now - therefore long
 sleep has come out of good
 moment as I have written
 for my lady, to do & that
 little there is I see she
 willing - We are expecting every
 day to hear of the 17 of Denmark
 being brought to bed - I hope she
