My dear Madam

I can with truth tell
 you that for the last few days I

 be fully restored will set me up
 shortly - I have only had one
 slight spasm since I came to town
 & all attention to me &
 the plan he has put, now you
 certainly is beginning to answer -
 I am quite confined to my own
 apartment, which I am sure is
 the best for me in such weather
 as other fall of town yesterday
 you was a Walter - Thank God
 I can tell you that it is necessary
 out of his eyes will the Dr
York would be into of the matter
 now whether he has been very
 ill but in no danger & when
 I tell you that he will be put
 for these days, nothing when
nothing nothing nothing nothing

He is alive & happy has had many more
 attacks but no more fits -
 Anger is still improved with
 a cough - all the world will
 bid you well - you will sit
 for a few days but attack now
 very unpleasant. so he had a
 summer nap all in one will
 come from a still I believe
 I think Parliament opened
 delightfully all parties agree
 as to the will to help
 War & I pray God we may
 I hope never be more with
 you all the times for
 being under your roof -
 I opposed I was glad they did
 Gods are young in a next
 to the weapons - I hope
 Parliament will come & see

I have received some letters from
 the Honorable Company's quarter
 and am very much surprised
 that you are the object of their
 great interest and that
 they are so anxious to
 see you at Cambridge
 and that they are so
 desirous to see you
 at Cambridge. I am
 very glad to hear of
 your success in your
 studies and I am
 sure that you will
 continue to improve
 in every way. I am
 very much interested
 in your progress and
 I am sure that you
 will continue to
 improve in every way.
 I am very much
 interested in your
 progress and I am
 sure that you will
 continue to improve
 in every way. I am
 very much interested
 in your progress and
 I am sure that you
 will continue to
 improve in every way.
