The attempt we have made to find out
the author of the attack has been
unsuccessful - I have lately discovered
that the person who has been
mentioned in the paper is not the
same as the person who has been
mentioned in the paper.

I have been told that
the person who has been
mentioned in the paper
is not the same as the
person who has been
mentioned in the paper.

I have been told that
the person who has been
mentioned in the paper
is not the same as the
person who has been
mentioned in the paper.
I shall have to take
some more steps
to find out the
author of the
attack.
