My dear Mr Adams -

I am very sorry
you have been so unwell but hope
by this time you are quite recovered
The weather of the last three or
4 days has been dreadfully cold I
have not been out for the last
week - As the wind was here
or there & mostly strong I have
shaking my shell - as I still
have so much to do about me
wished last Sunday I had
one of my colonials Spanners and
which returned me much
& offered me to go to bed -

but I am better for a time ^{which}
 they have just now ^{is}
 taking a little more which
 I find agrees & I have felt stronger
 since - We don't go to I am before
 the 28 - & I hope before that
 time to have got rid of the
 It as I am not in health
 at present - I am still confined
 with the great which is
 most uncomfortable just as
 we had to make some time
 open Parliament - but
 I think is worth the ^{trouble}
