

W. M. 1824

I have just received your letter of the 12th
 and am glad to hear that you are
 well. I am to the point of
 Tuesday last after having passed
 6 months happy days with the
 company. The weather all the
 time was most beautiful
 of which I must not omit to
 mention. I was with the
 happy party at the bridge
 from day with a beautiful
 water party with the
 garden and the Great Park in
 quarter party & the children
 young in the castle will

 finished. Since I came
 since I have had an attack

of the 1st in long days - It has been
concerning me ever since the
matter & I got some good
time - to take care of myself

friends, but nearly so. I have
got a delightful garden
I wish that I could see to get
into my garden with

 decisive point soon in fact
 of some of them - I wish to be

 I also have some other things
 leaving my own day's work which
 I hope you will not
 talk of as it is still
 a secret but I hope
 the future is what
 to them now - as
 the family are
 under the necessity
 of leaving London altogether
 & upon leaving it we can say
 very little as far as respects
 the case ourselves in with
 our whole as a secret
 remains as yet & some have
 rather more a quiet business
 to me - all these things
 added to the heat & perhaps
