My dear Mrs Adams -
Many thanks for your
last kind letter & I hope
that you have been free
of cough & got on this
winter pretty well -
on the whole I hope
to be free of the
but I had to take much
care & only got out when
it is mild & dry -
I go to town the 2^d of March
& as I know near I feel
glad to go - as all my
friends are in town and
the weather has but
admits of my running
about out of town

Augusta paper in which
 with me some intention
 from Purby intended
 me in the ground - the
 not come to some extent
 of the in account of
 all the building going
 in at Williams. Effort
 but they hope by that
 time to make her
 entrance clear of all
 workmen - My own
 Brother Adolphus has
 read a manuscript of
 of the Grant & Wheel
 about the House & but
 likely I fear to get out

of his plan for some time
 yet, he was very ill
 before it came in -
 William has also got
 it in his part, but it
 is not a very bad attack
 the thing is better of
 date & now the to go
 to some Wednesday for a
 Council - The Society of
 the Ly Protestant letter
 for the movement -
 Ben Dan - Account has
 remembered my sister &
 myself in her will in
 a most flattering manner
 to our feelings
