I think what your anxiety will  
 be about is all about the accounts  
 so I take up my pen to assure  
 you we are all as well as ever  
 & expected - We ought to have  
 been more prepared for this visit  
 as the accounts have been so  
 full for the last month - but  
 one reason to have called  
 upon them was to have some  
 accounts & to have seen the  
 two I was much surprised  
 about as they were found  
 so much more in the  
 & to the fact it must deeply  
 regretted we must have  
 compared & ready - The  
 I find much affected but but

as much as as August  
 the first last year received that  
 after which above had in  
 some degree devalued and  
 the business to us all upon  
 every occasion makes us all  
 feel we have lost a great  
 deal from the first of the  
 the dead must be regarded  
 & quite unprofitable of some  
 in business & yet the same  
 approaching & thank God at  
 last suffered very little  
 the dead surrounded by all the  
 Royal family & every little  
 power have much the same  
 blood & reputation by all

weeks - My course being ordinary  
 more I can write better to  
 day & a few days, just I can  
 in short will make me  
 shake off the my great debt  
 I was at first to me -  
 supply is terrible - I shall go  
 I can see in a few days.
