Wm Congdon  
20 -

My dear Mrs Adams  
 I was quite delighted  
 to see your letter in looking & will  
 quote what I was obliged to hear  
 her in such a way - but for  
 I thought her things in the House  
 with the one only for a few days  
 & the Duke making me to take  
 her care to her further place  
 which is about 6 weeks from  
 now I could not set off earlier  
 to look in time for dinner  
 I was not so happy  
 but I could not help saying  
 I was thankful to see her  
 only for that moment &  
 required to know you were  
 named from your side

Anna looked very well indeed -  
I hope yet to have some of all  
will in Denmark - I have  
received very kind attacks of the  
it my friends & our business  
to make a little about the  
Gordon - I am looking forward  
with pleasure to see William  
in his way down to you  
Anna appears well - we will  
call & I only hope I shall  
be at home - I shall not have  
B.P. for the next three  
weeks - certainly not till  
after the 18<sup>th</sup> of Sep. - I think  
if there I propose going to  
Langens for a few days -

I am ashamed to find I have written  
 on a very bad piece of paper from my pen  
 and, but I have not time to  
 write it all in my pen -  
 I expect the letter to be the  
 18 or 19 of Sept - I am well & hope  
 a good voyage a copy through  
 all my sick - My last account  
 of your success but so good  
 but talking of leaving the sea  
 side - truly the future is with  
 me for the best I am about  
 the 12 or 13 she has been  
 out - she will be a good  
 copy to me - God bless you  
 to finish & bless me  
 Yours  
 Wm. -
